

Public Facilities Report

Update - February 2019

200 East Miami Avenue
Venice, FL 34285

Developed in accordance with Section 189.08, Florida Statutes

I. Purpose & Scope

This updated report is provided for the West Coast Inland Navigation District of Lee, Charlotte, Sarasota and Manatee Counties (“WCIND” or the “District”) in compliance with the Florida special district public facilities reporting requirements under Section 189.08, Florida Statutes. This report provides general descriptions of public facilities owned or operated by the District together with any currently proposed expansion programs within the next seven years and any currently proposed replacement programs within the next ten years.

II. General Information

WCIND is an independent multi-county special tax district created by the Florida Legislature for the purpose of providing the requisite local cooperation with the U.S. Army Corps of Engineers for the construction, maintenance and operation of the federal inland waterway project known as the “Gulf of Mexico Intracoastal Waterway from the Caloosahatchee River, Florida to the Anclote River, Florida (the “GIWW”), and areas of land for the deposit of dredged material in order to keep the GIWW navigable. *See* Ch. 98-526, Laws of Fl. The public facilities identified herein consist of the GIWW and related spoil disposal sites located within Lee, Charlotte, Sarasota and Manatee Counties, and the District’s office headquarters.

III. Existing Public Facilities - § 189.08(a), Fla. Stat.

Existing public facilities owned or operated by the District are described as follows:

Gulf of Mexico Intracoastal Waterway				
Public Facility		Location	Current Capacity (Depth/Width)	Current Demand
Type	WCIND ID	County		
GIWW	RW Cuts L-1 thru L-22	Lee	9 feet / 100 feet	N/A
GIWW	RW Cuts C1 thru C9	Charlotte	9 feet / 100 feet	N/A
GIWW	RW Cuts S-1 thru S-48	Sarasota	9 feet / 100 feet	N/A
GIWW	RW Cuts M-1 thru M-15	Manatee	9 feet / 100 feet	N/A
GIWW = Gulf of Mexico Intracoastal Waterway RW = Right of Way				

Spoil Deposit Sites and Buildings								
Public Facility		Location				Size (Acres/Sq Ft)	Current Capacity (Cu Yds)	Current Demand (Cu Yds)

MSA = Maintenance Spoil Area TSA = Temporary Spoil area BLD = Building (WCIND Headquarters)								

IV. Proposed Improvement or Expansion of Public Facilities - § 189.08(b), Fla. Stat.

Existing public facilities that the District is building, improving, or expanding, or is currently proposing to build, improve, or expand within at least the next seven years are described as follows:

The District is not currently improving or expanding any of its public facilities nor does the District have any current plans to improve or expand its public facilities within the next seven years.

V. Proposed Replacement of Public Facilities - § 189.08(c), Fla. Stat.

Public facilities which the District currently proposes to replace within the next ten years are described as follows:

The District does not have any current plans to replace any of its public facilities within the next ten years.
